WORK EXPERIENCE

Advirto Digital
2023 - 2024

Intern Developer

Started as an intern at Advirto Digital focused on WordPress-based solutions, led multiple client projects, developed custom themes and plugins.

Ceylon Ventures Pty Ltd
2024 - 2025

Full stack developer

Joined as an Associate Software Engineer, working on the development and maintenance of web and software applications. Gained hands-on experience with full-stack development, collaborating closely with cross-functional teams to deliver effective tech solutions.

Aurora 365
2025 - Present

Associate Software Engineer

Currently working as an Associate Software Engineer at Aurora 365, contributing to ongoing software development projects. Collaborating with teams to build efficient, user-friendly applications while continuing to grow and refine my skill set.

Freelance Developer
2020 - Present

Self-employed

Providing freelance web development services for a diverse range of clients — including local businesses, international clients, and Fiverr customers. Specializing in WordPress and custom web solutions, handling everything from project scoping and design to development, deployment, and post-launch support.

EDUCATION

ICBT Campus
2025

BSc (Hons) Software Engineering

Undergraduate in Software Engineering at ICBT Campus Affiliated with Cardiff Metropolitan University, UK

Moratuwa University
2023

Full Stack Development

Completed a Full Stack Development program at Moratuwa University, covering frontend and backend technologies.

Udemy
2023

MERN Stack

Completed a MERN Stack course on Udemy, focusing on MongoDB, Express.js, React, and Node.js. Acquired hands-on experience in building full-featured web applications, including RESTful APIs and dynamic interfaces.
